Hi Mo,

Thank you so much for your response - this truly is wonderful to read. I'm beyond happy to hear Gabby is getting out and about with his supports and is forming some really positive relationships 😊 Great work on behalf of all the team, but especially supports at Special Care Australia for being so receptive and open to collaboration. It's truly inspiring 😊

Kind regards,

Cherry Hynam

Dear Cherry,
hope this mail finds you well.

I am pleased to inform you that Gabby's stay was extremely pleasant. Gabby seemed to be his chirpy and joyful self, often responsive and initiating activities to keep himself engaged such as playing his Wii, which he bonded extremely well with staff over.

I am also thrilled to announce that we successfully initiated and executed Gabby going to the swimming pools. He was extremely joyful and seemed to be relaxed and at ease with staff. He enjoyed the warm pools and spent a good amount of time there amidst the pleasant warm water.

Overall, the stay was a huge success, and we are glad Gabby is forming hearty relations as well as lifelong memories. As we get more acquainted with him , through personal experience and particularly your outstanding informative presentations and guidance , coupled with the support of his loving parents has immensely helped us as we continue to strive to make him as comfortable as possible with us.

We await his next arrival at the soonest and look forward to enriching his quality of life to the best of our ability.

With warmest regards

Mo

Good evening all,

Just thought to check-in and see how Gabby's respite stay went?

Kind regards,

Cherry Hynam
