Great!

Kaay reported twice with the update on Gabby: first time when he went to bed and the second time in the morning.

Vijay sent photos from the swimming pool today.

They still have two carers with Gabby during the day until they get to know him better, but charge me for one carer.

We are doing dropp off but they will drive him back home.

Kaay is the oe who plays Wii with Gabby. And he was with Gabby for the second time upon Gabby's arrival. Gabby loves his "Harry Potter" game, so the transition is smoother when Kaay is around. :))

It also helped that the previous night he slept only around 4 hours... and he got his Lorazepam at about 5:15 pm on the day when he went to the respite.

But it IS SUCH a huge difference in comparison with Frankston!!!!!! I am VERY GRATEFUL that they kicked us out from Frankston!

Regards,
Yelena
